### **ENERGY PARK CLOSED FOR NEW PLAYGROUND INSTALLATION**

GREENFIELD, MA – The Greenfield Energy Park will be closed from Wednesday, April 27<sup>th</sup> through Friday, April 29<sup>th</sup> for the installation of a new play train structure. Citizens are asked to please avoid the area as heavy machinery will be in use. There will be limited parking in front of the Red Caboose in the Miles Street Parking lot.

The Town of Greenfield awarded the bid for the new playground to Site Specifics, LLC of Rochester, Mass. The play structure, designed by UPC Parks will feature a three piece train with play engine, caboose, and flat train car and two train themed benches.

“We are excited about the new playground. In selecting a playground design for the park, it was imperative that it fit with the train theme while also complying with all safety standards. We think this structure will compliment the park nicely.” says Christy Moore, Recreation Director.

The park will be reopened when the project is complete. Any questions, contact the Recreation Department at (413)772-1553.
